LLOYD LAW COLLEGE, GREATER NOIDA (UP)

With many National Law Universities having better resources taking the honours for excellence in legal education in the Country, the private law colleges affiliated to conventional Universities have to struggle hard to be reckoned among the best of Institutions teaching law. The annual surveys conducted by popular periodicals to identify the best law schools in the country had ranked Lloyd Law College one among the top twenty, even above some of the law Universities which is a matter of celebration for the management lead by Mr. Monohar Thainani, staff and students of the institution.

Institutional excellence is not just a matter of infra-structure or curriculum alone. The character, scholarship, ability to compete with the rest and succeed in the profession on the part of graduates passing out of the institution is certainly indicative of institutional excellence. This is a challenge, and a continuing one at it, which the management and staff have to address through instructional innovation, character-building programmes and inspirations activities engaging students not only with academia but with the society at large. Certainly the legal and services the College is involved with its students, the academic network established through conduct of the South-Asia-wide moot court competitions and the sponsorship of students for study abroad have all contributed to the pursuit of excellence in Lloyd Law College.

The Society of Indian Law Firms (SILF) and the Menon Institute of Legal Advocacy Training (MILAT) are pleased to acknowledge the measures introduced by the Management and Staff of Lloyd Law College to make a difference in the quality of education offered in the college and in recognition confer the SILF-MILAT INSTITUTIONAL EXCELLENCE AWARD - 2018 on LLOYD LAW COLLEGE, GREATER NOIDA (UP).

Invitation To Study Law

India is on the threshold of a Development Revolution. Higher education including legal education will determine the quality and direction of the Development Process. With millions of talented youth with higher education entering the job market, nothing can stop the Nation from achieving its development goals sooner than later. As a country committed to rule of law, democracy and human rights, it is the function of legal institutions to organize development in such a manner that the Constitution prescribes. In this process, legal personnel have a significant role to play outside the conventional role of dispute settlement.

Law study, therefore, is not merely a private good but also a public good in which the society has special interest to sustain. There is no other subject so close to life in all its aspects as the subject of law. For the same reason, study of law is a life-long process for which university education is just the beginning.

It is common experience of many of us in the teaching profession that when students join the law school, they are determined to work for justice to weaker sections and wanting to change systems that perpetuate inequality and exploitation in society. It is also our experience that once they complete studies and leave the law school, they tend to lose their idealism and join forces which maintain the same old social order. Of course, there is lot of money one can make in a legal career and there is nothing wrong in advocating the cause of the rich who can pay enough money for legal services.

But if such action results in non-availability or non-affordability of quality legal services to the poor and the marginalized, there is serious risk of the profession getting alienated from the people and justice getting derailed in the process. This is suicidal for the profession as well as for the country and its constitutional values.

A recent report submitted by the Law Commission has recommended several changes to the Advocates Act towards restructuring the organization and management of the legal profession in India with a view to maintain the nobility and public interest goals of the profession. Furthermore, the profession is today diversified into litigation bar, corporate and in-house lawyers, mediators, arbitrators and trans-national legal practitioners. In emerging areas of legal practice, lawyers are compelled to partner with professionals outside law to provide appropriate services to the clients. With trade in legal services becoming a reality under the WTO, lawyers have to prepare themselves for trans-national legal practice as well which will change the character of the profession as we see it today. In short, those who are entering the practice of law in future may have to adopt new ways of thinking in respect of delivery of services and management of profession.

Study of law prepares one not only to become a legal practitioner. It enables one to take a variety of career options including judiciary, journalism, civil service, politics, teaching and social work. In all these careers, what makes law study relevant is its relation to ‘JUSTICE’, the eternal quest of every human being. You are welcome to study law and be a justice worker for maximizing justice and fairness in society.

In Lloyd College of Law, you will find plenty of opportunities not just to earn a law degree, but to learn many things about law from outside the classroom and the library. Learning law through experience gives you insights on how law functions in society. Look out for occasions for experiential learning even if you have to forego your vacations to avail of such experiences. Improve your communication skills and your knowledge of contemporary events. A great career full of intellectual challenges awaits you. Remember the adage that “Law is a jealous mistress” and there is no room in it for the lazy and the mediocree.

Legal Aid Services Cell – LASEC @ Lloyd

There is no denying the fact that growth and development of human society is the ultimate objective of all scientific disciplines by every human agency. Legal education, institution, profession and practice are more than any one responsible and accountable to the social causes. That tells us to do extra bit of efforts to realize the societal goals. Answering this call, Lloyd with its academics, students, stakeholders and beneficiaries have invoked lots of social services initiatives, heads of these are mentioned below.

**Important initiatives:**
- Prison Release of 03 Inmates with legal and financial assistance through academics, advocates and trained Para Legal Volunteer (PLV) students from Lukasar - Jail, Greater Noida Kasna, Beta I, Greater Noida, Uttar Pradesh,
- Providing legal awareness and legal assistance as PLV to inmates in Distt. Jail, Rohini, New Delhi (bail right of under trials),
- Providing legal awareness and legal assistance as PLV to inmates in Lukasar - Jail, Greater Noida Kasna, Beta I, Greater Noida, U.P. (Parole rights of convicted) and (bail right of under trials),

**Bank Frauds Legal Aid Cell**

In the era of online banking and financial transactions ATM and online bank frauds are common. Due to lack of awareness, time and hassle, these cases remain unsolved. We have established a Bank fraud legal aid network in our college through faculty and students. We conduct awareness, invite cases of frauds and provide appropriate legal aid to solve the fraud cases in assistance with the police and bank authorities. All the same is done based on the Reserve Bank of India guidelines and the Negotiable Instruments Act, 1889.

Thanks to Ms. Neelu Mainwal, Secretary, DL&SA and Jail Authorities for release of 03 Inmates with legal and financial assistance from Lukasar - Jail, Greater Noida Kasna, Beta I, Greater Noida, Uttar Pradesh.
Public Interest Lawyering Cell and Clinical Legal Education

Public interest lawyering is a process of legal empowerment aimed at capacity building of everyday people towards using the law and institutions to bring about social change. In public interest lawyering, general people and community takes the lead in an active process while working hand in hand with lawyers. It is a process that requires the participation of the affected community from onset. Public interest lawyering bridges the paternalistic gap that exist between the lawyer and the end users of the laws within our communities, whereby the communities are disregarded in the articulation of legal issues surrounding them.

In the loving memory of Prof. Madhava Menon ‘father of modern Legal Education in India’, we remember Prof. Menon as a mentor, guide and guru whose untiring commitment towards legal education strengthens our endeavors. Even after his retirement from active service his connection with the young students of law never ended. He emphasized on transforming ‘socially committed lawyers’. The experiences from his life he shared as a student and a teacher are guiding lights which will always help us in strengthening our commitment towards transforming education of law. We are continuously striving to take his vision of establishing legal education of India at par with the international standards wherein society and its people are the priority.

When the competition was being named we were aware of the reputation and responsibilities which were added with this name but Prof. Menon himself became our mentor, our guru. It has been possible with his blessings and guidance that with each added year the competitive spirit became stronger and within a matter of four years the number of participating teams increased from 26 to 52.

Fifth Prof. N R Madhava Menon SAARCLAW Mooting Competition, has achieved what it aimed at, to bring the academy, bar and the bench at one platform. The competition has aimed at extending fairness and equal opportunities in the field of education. This year we received 52 registrations with due process of registration completed by all the teams. 46 teams submitted the memorials, and participated in the competition held from 18th October to 20th October, 2019. Each round of the competition over the last two days has been judged by a three member bench including knowledgeable and experienced professionals from the academy, bar and the bench. The top 7 qualified teams of this competition compete in the SAARC Rounds from 21st to 23rd February 2020. And, two students, after due process of selection will receive a scholarship to pursue LL.M. from Penn State University. This scholarship is worth $50,000 each.

It all began with the friends and well-wishers of Prof. N. R. Madhava Menon led by Advocate Dr. Lalit Bhasin deciding to celebrate the completion of 50 years by Prof. N. R. Madhava Menon in the service of legal education and legal profession. When Prof. Menon was approached in 2009, he suggested that there are several other teachers like him who contributed a great deal to reform legal education and they continue to be ignored by the profession. Mr. Lalit Bhasin, who is also the President of the Society of Indian Law Firms (SILF), responded by proposing SILF institutional Annual Awards for distinguished law teachers in the name of Prof. N. R. Madhava Menon who gave a new direction to legal education through the Five Year Integrated LL.B. programme and the successful establishment of the first ever law university at Bangalore in 1987 (NLSIU). Few more awards to outstanding law schools and law students were added later and the scheme was extended to the entire academic legal community in the SAARC countries. There are today EIGHT different awards being given every year on Teachers’ Day by Law Teachers, Law Students and Law Teaching Institutions for their outstanding contributions for excellence in Legal Education.

Female students are provided with various facilities to meet their needs and requirements to create a campus which is safe, adequate and sensitized towards its female students. Being a law college, it is essential that the institution offers its female and male students workshops and seminars which educate the students about laws and responsibilities. It is necessary that social, political and economic rights of women are disseminated to the students. For achieving this purpose the college has an Internal Complaints Committee, Anti-Ragging Cell, Disciplinary Committee, Cultural Committee, Sexual Harassment and Gender Cell.

The college forms Anti-Ragging Cell and Disciplinary Committee every year.

The names and contact details of the members are notified to the students by publication of their details in the college diary which is presented to every student at the beginning of every academic year. The students in distress owing to ragging related incidents can access the committee at any times.
